Artists of the Month—

Montessori School Students

The artwork in the Gallery for February and March will be the students from the Waynesboro Montessori School who visit monthly. Make sure to stop by to look at the work provided by these talented young artists. Their teachers have worked hard to provide an exhibit worthy of the residents at Summit Square!

Please remember to sign the guest book as the pages will be given to the artists at the end of the show.

Jenny's Corner

We are enjoying our study of parables written by A. J. Lavine, called Short Stories by Jesus. Rabbi Lavine is helping us see each parable from the perspective of the Jewish audience who first encountered these mysterious and sometimes perplexing stories. We are looking at the context of each parable by focusing on First Century Judea. But we are going further by looking at Israel's sacred scriptures to glean insights into the impact these stories had on those hearing them for the first time. Rabbi Lavine has surprised us each week during devotions by giving us a new interpretation on the very familiar parables.
