Artist of the Month—Sara Gondwe

Sara Gondwe, self-taught, mixed media artist, creates with scraped bits of crayons on canvas, then substitutes an iron for a paintbrush -- melting, combining, and shaping the colors into a design. Followed by applying bright acrylic paints, using the tip of the tube as the brush. The award winning artist moved to Charlottesville in 2013. In her own words: "Art for me is about exploration, imagination and discovery. My purpose is to brighten, enlighten and cause warm fuzzy, happy feelings for the viewers. I was born in a small rural town in Beaver Dam, WI in 1949. I graduated from University of Wisconsin, Madison with a BA in Philosophy and a Masters in Education with certification as a Reading Specialist K-12, and collided with a wonderful human being, Derrick Gondwe, whom I married in 1971. A teaching position took us to Gettysburg College in PA and I worked as a Reading Specialist with the local school district. Three more children ensued. In the meantime I started the Gettysburg Area Literacy Council and was its first coordinator. Affiliated with the International Reading Association I also started the Adams County Reading Council and was its first president. In 2004 I lost my best friend, my husband. At the request of community leaders I was voted in as President of the Gettysburg Area NAACP in 2010, and served for two years. At this time I moved to Charlottesville, VA and rediscovered my passion for art.

Jenny's Corner

June is the month we celebrate the fathers in our lives. The men who have loved us, nurtured us and paved the way for us to succeed in this world. I am blessed with one amazing father, but I also claim many wonderful father-figures who have supported me in many ways. Take time this month to express your gratitude to God for the men who have influenced you and helped to mold you into the person you are today.

We will continue our Bible Study on Simon Peter all month. Our author, Adam Hamilton, has helped shed new insights into the "flawed but faithful disciple". We have enjoyed putting our flawed selves in the footsteps of Peter. We relate to his inadequacies and strive to learn from his mistakes to become better disciples.
