Animals - Dogs & Cats

Movie - Gone with the Wind

Hobbies: Collecting Wade
figurines

ALL ABOUT ME

Beverly Doll was born in Wichita, Texas, and grew up in New Mexico. After graduating from high school, she attended business school in El Paso, where she prepared for a career in administrative and office management. She went on to work as a secretary, an administrative assistant, and later as an assistant in a law office, where she provided dedicated support to an attorney and helped manage daily operations. In her personal life, Beverly married and raised two beautiful daughters. One daughter lives nearby, while the other lives farther away. After a successful career, Beverly was blessed with the opportunity to live with one of her daughters and her son-in-law so she could help care for her only grandchild a role she absolutely cherished. Beverly enjoys participating in group activities such as crafts, bingo, drum circles, social parties, and bus trip outings. She also loves doing puzzles, coloring, reading short stories, and watching her favorite shows on television. Beverly is an absolute joy to have in our community, and we are so thankful she is here.
