Restaurant - Olive Garden

Colors - Red

Food - Cracker Pudding

Animals - Horse

Season - Spring

ALL ABOUT ME

Bill was born and raised in Lancaster, Pennsylvania. He later married his wife, Hope, and together they raised their son, Thomas. Throughout his life, Bill had the opportunity to live in many different places, but one of his favorites was Virginia Beach, VA. He especially enjoyed his time there and made many wonderful memories with his family.

After completing a five-year Chartered Life Underwriter (CLU) program, Bill became a member of the Financial Planning Association and built a successful career in financial planning. His career eventually led him and his wife to Europe, where they lived for nearly ten years. During their time there, Bill enjoyed experiencing different cultures, traveling, and exploring new places, creating many lasting memories that he continues to cherish.

One of Bill's favorite hobbies has always been woodworking. He enjoys the creativity, craftsmanship, and satisfaction that come with creating something by hand. Here at Sunnyside, Bill enjoys participating in men's group, campus socials, seated exercise classes, and concerts. His friendly spirit, warm personality, and genuine kindness have made him a treasured friend and neighbor to all who have the pleasure of knowing him at Sunnyside.
